

Lab (05-04-2019)

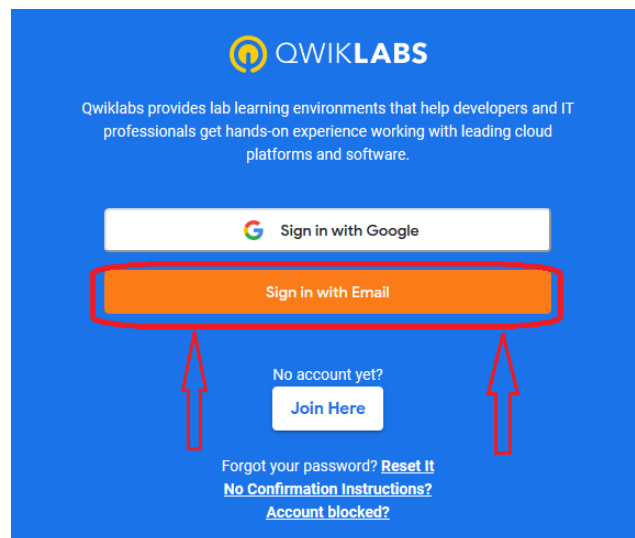

Introduction to Amazon EC2 Auto Scaling

This document provides a step by step instructions to get started with the qwiklabs environment.

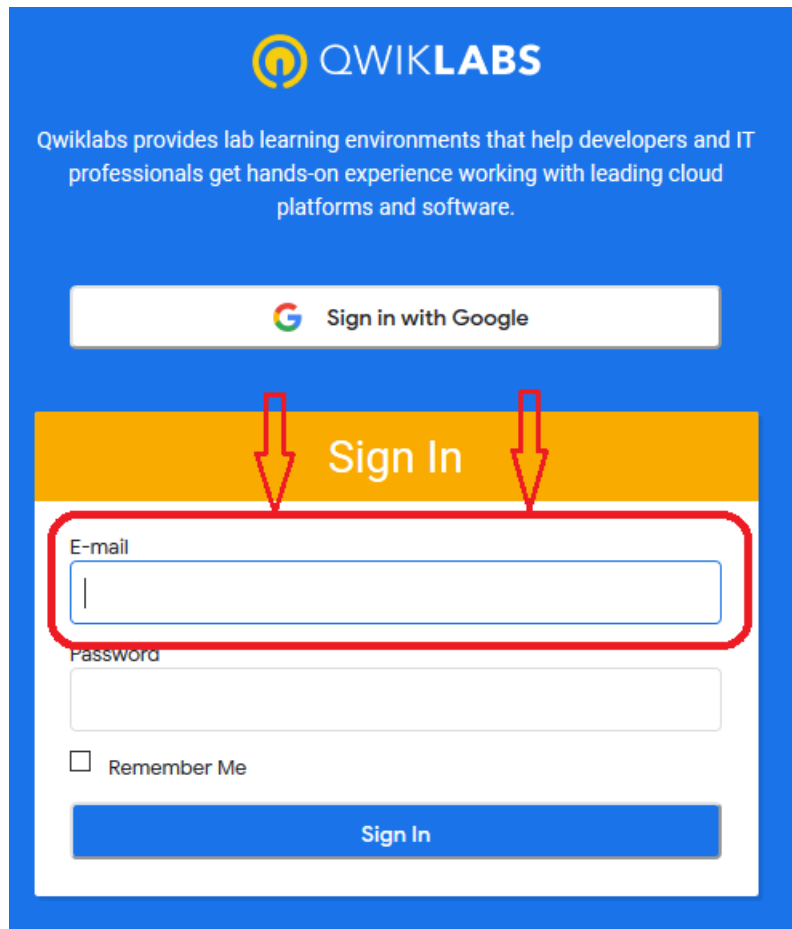

1. Using a webbrowser, go to <https://www.qwiklabs.com>
2. Click on the 'Sign In' button

3. Follow the link by clicking on the 'Sign in with Email' option

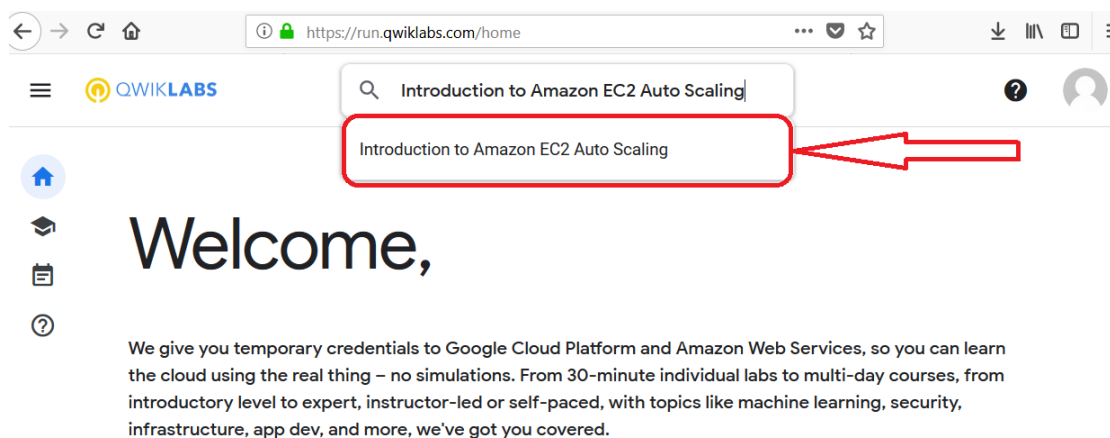

4. Use your UTS Student Email address to sign in. *Use your login details which was created during the previous labs.*

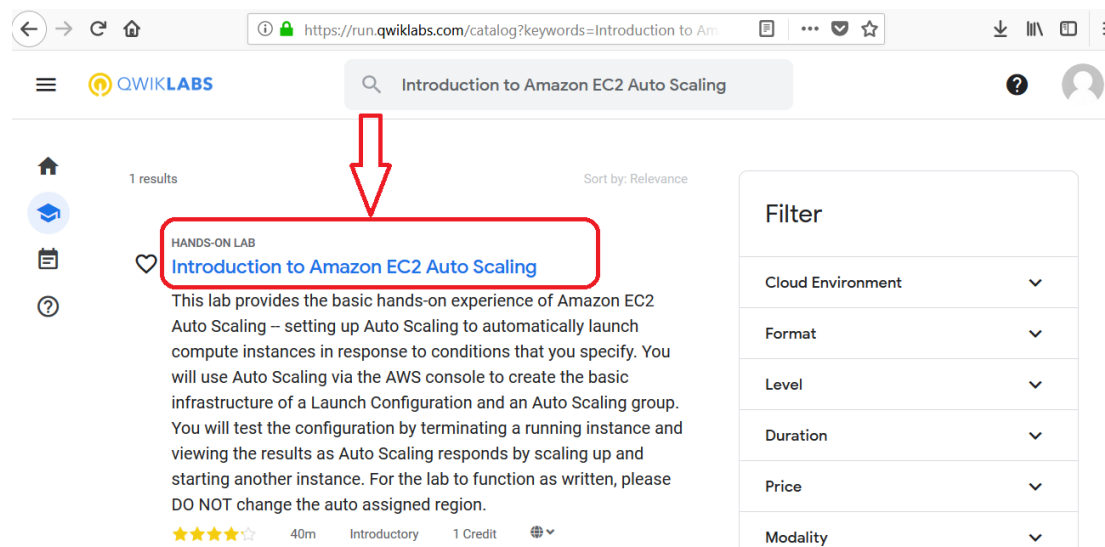

The image shows the Qwiklabs sign-in page. At the top, there is a blue header with the Qwiklabs logo and a description: "Qwiklabs provides lab learning environments that help developers and IT professionals get hands-on experience working with leading cloud platforms and software." Below this is a white button with the Google logo and the text "Sign in with Google". Underneath is an orange banner with the text "Sign In". Below the banner is a white form with a red border. The form has two input fields: "E-mail" and "Password". Below the "E-mail" field is a checkbox labeled "Remember Me". At the bottom of the form is a blue button labeled "Sign In". Two red arrows point from the "Sign In" banner to the "E-mail" and "Password" input fields. A red rectangle highlights the "E-mail" input field.

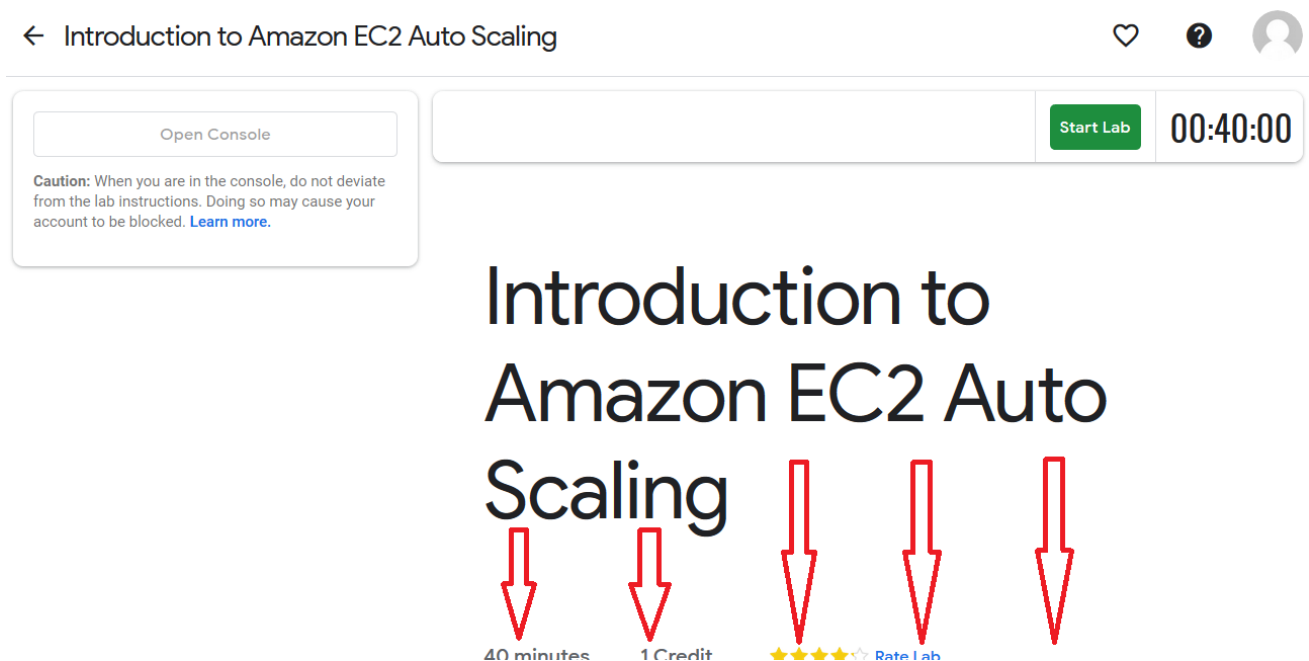

5. In the search bar, type 'Introduction to Amazon EC2 Auto Scaling' and press ENTER

6. Click on the 'Introduction to Amazon EC2 Auto Scaling' link

7. Scroll down on this page and read the lab instructions completely before starting the lab. These instructions provide all the details for starting the lab, opening the console and a set of tasks to be performed during the lab. ***It is very important to read the instructions first before starting the lab as you will only be allowed to perform the labs just a single time.***

8. Once ready, click on the 'Start Lab' button on top of the page

9. Click on the 'Open Console' button once the lab start running

10. Complete all the lab tasks by following the lab instructions

11. After finishing all the tasks for this lab, click the 'End Lab' button on top of the page to end the lab and check your overall score.
