

Lab (12-04-2019)

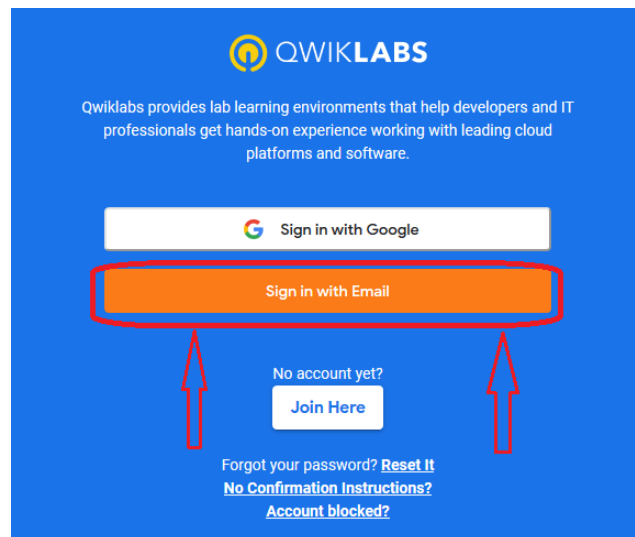

Creating a Persistent Disk

This document provides a step by step instructions to get started with the qwiklabs environment.

1. Using a webbrowser, go to <https://www.qwiklabs.com>
2. Click on the 'Sign In' button

3. Follow the link by clicking on the 'Sign in with Email' option

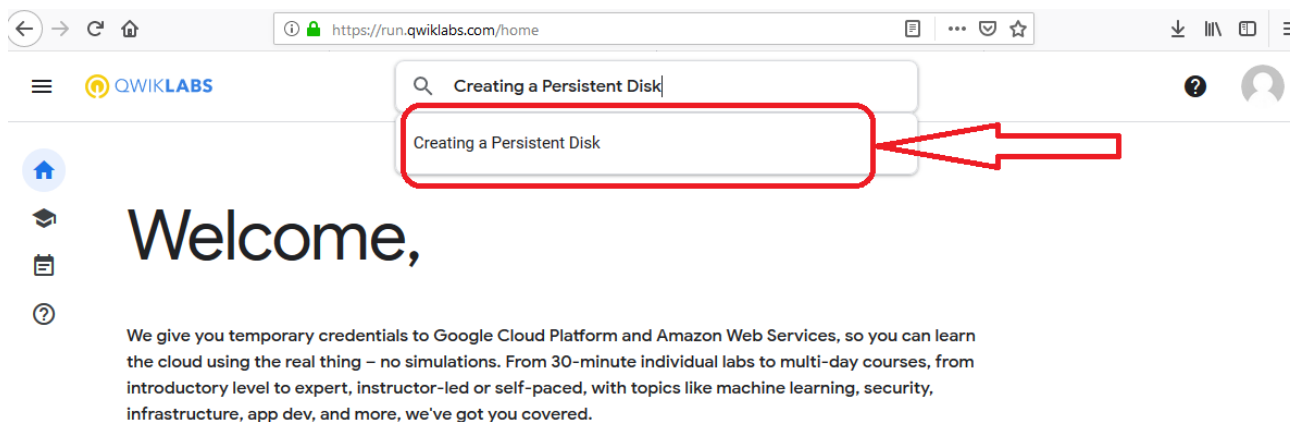

4. Use your UTS Student Email address to sign in. *Use your login details which was created during the previous labs.*

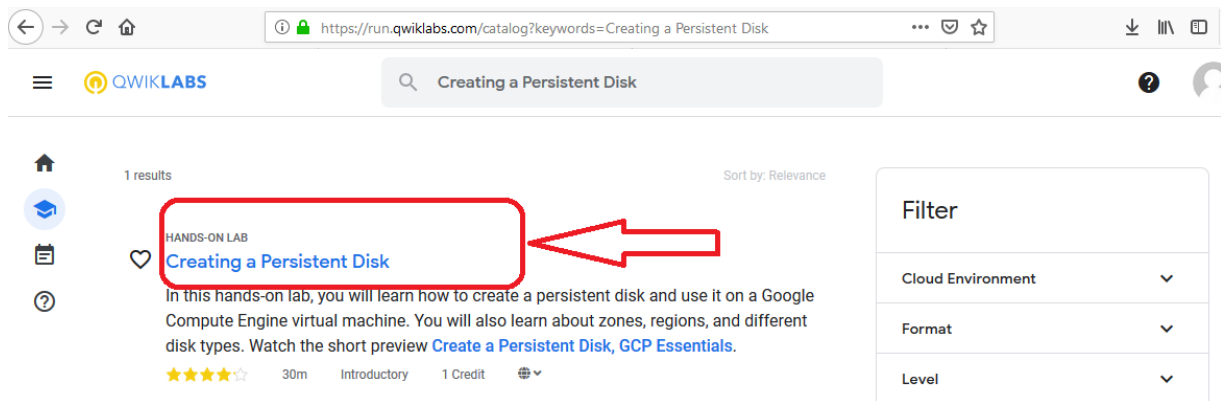

The image shows the Qwiklabs sign-in page. At the top, there is a blue header with the Qwiklabs logo and a description: "Qwiklabs provides lab learning environments that help developers and IT professionals get hands-on experience working with leading cloud platforms and software." Below this is a white button with the Google logo and the text "Sign in with Google". Underneath is an orange banner with the text "Sign In". Below the banner is a white form with two input fields: "E-mail" and "Password". The "E-mail" field is highlighted with a red rectangle. Below the "Password" field is a checkbox labeled "Remember Me". At the bottom of the form is a blue button labeled "Sign In". Two red arrows point from the "Sign In" banner to the "E-mail" and "Password" fields.

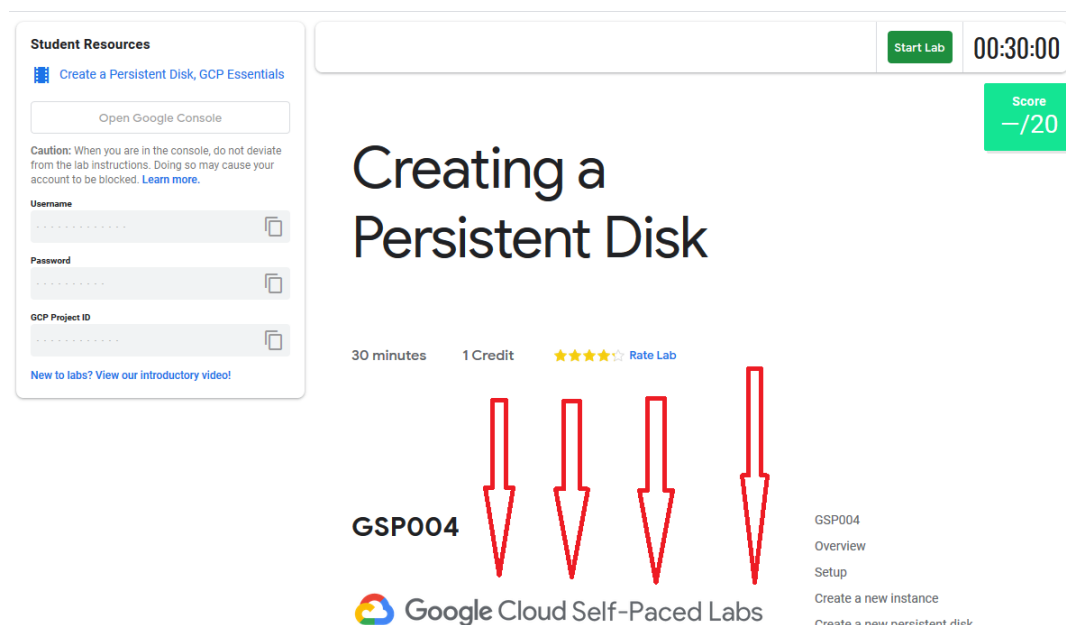

5. In the search bar, type 'Creating a Persistent Disk' and press ENTER

6. Click on the 'Creating a Persistent Disk' link

7. Scroll down on this page and read the lab instructions completely before starting the lab. These instructions provide all the details for starting the lab, opening the console and a set of tasks to be performed during the lab. ***It is very important to read the instructions first before starting the lab as you will only be allowed to perform the labs just a single time.***

8. Once ready, click on the 'Start Lab' button on top of the page

9. This will activate the left hand pane with the 'Open Google Console' button and the credentials needed to sign in to google console.

10. Click on the 'Open Google Console' button which will lead to 'Choose an account' page. Click on the 'Use another account' link

11. Copy the 'Username' from under the 'Open Google Console' button (shown in Step 9) from your qwiklab page and paste in the 'Email or phone' box shown in the figure below. Use the password (shown in step 10) provided under the 'Username' from your qwiklab page

12. After finishing all the tasks for this lab, click the 'End Lab' button on top of the page to end the lab and check your overall score.
